- What Students Said About This Workshop!**

“The instructor had a lot of experience and was very knowledgeable about how to grow your opportunities as an artist. I left the workshop feeling inspired!”

“I’ve taken many classes in marketing this this was digestible and not intimidating. Considering how much time we had, our instructor hit on all the points in her manual. I really got a lot out of reading the workshop manual together with Linda discussing each point and answering our questions. I was floored by her attentiveness and ability to get back to someone’s question. This class was information rich and specific to our needs. So glad I took it and I look forward to her next two classes. ”

“This class was just what I needed and a big thanks to SEC4P to organizing it. Linda shared a set of tools that I will use in my own journey as an artist. I now have a deeper understanding of what it means to be professional and ready to share my work. Her combined knowledge of art and business was evident in the way t she presented the materials, answered our questions, and encouraged us to reach out and grow both as artists and professionals.”

“Linda’s workshop was informative and clearly presented. She knows the topic and I enjoyed it. Whie the “go-do” is overwhelming, it was no surprise that I have to buckle down and do it. I enjoyed Lind’s personality and especially respect her business-like approach to art. Cheers to SE Center for supporting a workshop like this.”
